**The Spectator*

"Aislin McGuckin's Lady Macbeth out-Denching Dench in one of the best interpretations of Act V I've ever watched."

***The Guardian*

"Ruth, played by Aislin McGuckin with cool authority..emerges as the one realist.. (she shows) that, under the the character's silky voluptuousness, lurks a hint of steel."

***The Independent*

"Aislin McGuckin's excellent Ruth radiates provocative poise and self-amusement as she crosses and uncrosses her legs and starts to beat these men at their own power games."
